Dear Executive Director:

Subject: FFY 2014 Funding Provisions for the Housing Choice Voucher Program: Special Fees for Administering Portability (Port-in) Vouchers

The purpose of this letter is to communicate the Office of Housing Voucher Program’s (OHVP) methodology to calculate the special fees to be provided to receiving public housing agencies (PHAs), where portability (port-in) vouchers comprise a significant portion of their vouchers under lease, as described in HUD Notice PIH 2014-05.

PHAs will not be required to apply for these special fees. Eligibility and award amounts will be determined based upon data obtained by the Department from the PIC system. To be eligible for these special fees, PHAs must be administering port-in vouchers that equal 20% or more of the PHAs total number of authorized vouchers.

For each eligible port-in voucher, the PHA will be provided with 12 months of funding equal to 5% of the 2013 non-MTW average administrative fee per unit cost. This is a one-time award and will be calculated based on PHA portability and leasing data found in PIC on December 31, 2013.

PHA appeals of award determinations related to erroneous PIC reporting will not be considered; therefore, it is very important that the PHAs PIC data is timely, accurate and complete. The deadline date for PHAs to edit and ensure the accuracy of PIC data is April 30, 2014.

If your PHA is determined eligible for the special fees for portability, you will be notified electronically during the month of May, 2014.
