ⓘ We read the notice. Here's what you actually need to do.

What you need to do now

Continue verifying the three basic eligibility requirements:

Family definition:
- Includes traditional families, single individuals, elderly individuals, and persons with disabilities.

Income limits:
- Must not exceed limits, which vary by area and household size.

Citizenship status:
- Must be a U.S. citizen or qualified non-citizen. Ineligible non-citizens may live in the household, but benefits are prorated for eligible members only.

No policy changes will be necessary until HUD publishes a final rule and provides an implementation date.

Note: All three requirements must be met to determine eligibility.
