Scholarships and Awards Programs

Maryland NAHRO - Rose Marie Coughlin Scholarship

These educational scholarships are awarded in memory of one of Maryland's former Executive Directors. Maryland Association of Housing and Redevelopment Agencies (MAHRA) scholarships have enabled motivated and talented residents to reach their educational and professional goals, as well as self-sufficiency. The applicant must reside in housing owned or managed by the agency, receive a subsidy administered by the agency or receive assistance through housing and community development agencies or non-profit organizations that are MAHRA members.

NJ NAHRO Scholarship Program

NJ/NAHRO made a decision to establish a scholarship program for high school seniors or a head of household who wishes to attend college or vocational school as part of its commitment to serve the needs of the residents throughout the state. The Executive Board of NJ/NAHRO invested in this financial commitment as part of its belief that no one should be denied an education because they cannot afford it. Under the auspices of the Scholarship Committee and its Chair, the program has been a great success. However, the real success requires participation by agencies across the state to reach out to qualified applicants. A scholarship can make a real difference in the life of a student.

Delaware NAHRO Scholarship Program

The purpose of the DE NAHRO Scholarship Assistance Program (scholarship) is to help a graduating high school student to continue their education. The scholarship is an award of \$1,000 to a Delaware high school graduating senior who lives in affordable housing defined as Project Based Section 8, Rural Development Section 515, Housing Choice Voucher, Public Housing, Low Income Housing Tax Credit (LIHTC) site, Habitat for Humanity Home, Self Help Homeownership Program or USDA Rural Development Homeownership Program. Recipients of the Scholarship are eligible to apply each year (up to 3 more years) for an additional \$1,000 as long as they stay in college, meet grade point average requirements and complete an application.

Advocacy

Working with Chapter Presidents to understand and develop an Advocacy plan that is consistent with the National Goals and Objectives. Work ongoing.

Respectfully submitted,

Marsha J. Parham, CME
