

## **Leadership Matters**

Track: Executive Leadership

Executive leaders in housing often face a difficult dilemma of overlapping roles based upon the size and scope of the organization. In smaller authorities a keen attention to the details of managing housing programs that are so heavily compliance driven, often leave little time to focus on overall leadership. In larger agencies, leadership requires a greater degree of delegation but still an attention to the details of management. This session will explore the necessary traits successful leadership, how to measure those competencies, and how to create a positive work culture that builds leadership at all levels of the organization.

Moderator:

Anthony O'Leary
