NAHRO

BUYER’S GUIDE

Our annual directory of manufacturers, suppliers and service providers specializing in housing and community development
Welcome to the 2021 Buyer’s Guide, a directory of manufacturers, suppliers and service providers who specialize in fulfilling the needs of the housing and community development (HCD) industry. The Journal of Housing and Community Development does not endorse any product or service offered by the companies listed, but does advise that you use the guide to search for vendors who are familiar with the particular needs of HCD organizations.

NOTE: NAHRO is not responsible for errors or omissions in this Buyer’s Guide.

Advertisers in this issue are listed in RED TYPE. Members of the NAHRO Business Partners Council (BPC) – NAHRO member companies that specialize in serving the HCD market – are identified by a symbol that appears on the first line of the listing.

When systems like Emphasys Elite, Yardi, and other leading Public Housing Authority (PHA) software are adequately integrated, they can streamline processes, optimize workflows between departments, and create continuity between other enterprise systems within your organization. However, many times Public Housing Authorities struggle with fully integrating and maintaining this highly customizable housing software due to poor vendor support, lack of experienced technical staff, resources, or existing complex and broken organizational processes.

Avero Advisors has partnered with numerous Public Housing Authorities across the nation to either optimize existing housing software or guide agencies through finding the right system that fits their organizational needs.
With years of experience working in the PHA industry, Avêro has become a primary liaison with organizations, Emphasys, or other leading PHA software vendors. As a liaison or Project Manager, Avêro ensures that all processes are optimized, requirements documented, and vendor relationships and support managed to maximize the system’s value and achieve your mission.

Whether your Public Housing Authority is large or small, Avêro curates tailor-made solutions that have been expertly assessed, documented, and strategically organized to become part of your long-term IT strategy and team. Avêro creates trusted client partnerships that cultivate success in not only their organizations but communities.

» DynaTouch Corporation

9901 Broadway
Ste 115
San Antonio, TX 78217

PHONE: (210) 828-8343
CONTACT: Paul Stahl
EMAIL: Paul.Stahl@dyantouch.com
WEBSITE: www.dyantouch.com

DynaTouch is a technology integrator and developer, specializing in secure, self-service kiosk solutions. Built from the ground up for Public Housing Authorities, our PHA OneStop Resident Self-Service Kiosks are tailored to the specific community needs of each PHA, with our expert team of professionals working alongside them every step of the way. Our COVID-19 Response Technology allows you to continue safe and effective operation of your housing programs while assisting and protecting your residents, applicants, and employees. The kiosk’s document management functions minimize the handling of paperwork and allow residents to fill out and sign digital applications, scan and upload recertifications, access online payments, and submit maintenance requests—all from a one-stop self-service customer kiosk. PHA OneStop Resident Self-Service Kiosk will reduce employee time dedicated to appointments, provide access to affordable housing assistance for those in need, and provide secure, contactless digital document collection.

Designing Success developed and markets Tracking At-A-Glance® (TAAG), a user-friendly, web-based case management and performance tracking software program. We help track your clients from recruitment through program completion. TAAG is used to track housing programs like FSS, HOPE VI, Moving to Work and ROSS. We offer a Grant Module, where housing authorities can create their grants and track actual against projected goals and milestones. We have developed a relocation module that automatically calculates replacement housing payment (RHP) under the URA and Section 104(d). We were recently endorsed by the American Association of Service Coordinators for tracking their members’ Family Self-Sufficiency Programs.

UPCS CVR currently performs both HQS and UPCS inspections, providing agencies a solid solution for managing and optimizing inspections operations. Based on HUD regulations, we can design a solution that minimizes cost while maintaining unit integrity and compliance. CVR can provide ongoing inspections services as well as rent reasonableness surveys, compliance assessments and HQS enforcement. Our in-house software development staff has created a proprietary mobile application for conducting inspections. This application offers web-based inspectors and a route management tool, as well as an Inspections Portal. CVR’s Inspections Portal can be used for obtaining results, including photo documentation and inspector notes, as well as other inspections related information. Additional services provided with the application include: storage of letters, reminder calls and emails for all inspections, the ability to generate reports and track abatements. Additional services include technical assistance, program management, strategic planning, operational assessments, process improvement, training, construction management, improved asset management practices and technology solutions.

A housing program partner for over 30 years, CGI delivers consulting, technology and business process services to the federal government and public housing authorities. CGI services as a Performance-Based Contracting Administration (PBCA) subcontractor, servicing over 25% of HUD’s Section 8 PBCA portfolio. Public housing authorities across the country partner with CGI for delivery of Housing Choice Voucher Program operations including tasks such as Housing Quality Standards Inspections, re-examination case management, wait list management, applicant processing and selection, eligibility determination, rent reasonableness reviews, landlord relations and payments and more. We enable PHAs to continuously improve their programs and services through consultative support for critical functions such as program assessments and audits, SEMAP reviews, tenant mobility programs, tenant file audits, and landlord recruitment and outreach. Our modern, web-based technology solutions support the most complex business processes including HQS inspections, waitlist management, initial and annual re-certifications, communications and notification, and program analytics. We enable organizations to digitally transform their operations and improve program outcomes through advanced technologies such as online portals, systems modernization and integration, cloud-based solutions, and data-driven decision-making tools designed specifically for the affordable housing industry.

Development (HUD), and the affordable housing industry for over 25 years. CVR’s high level of expertise has been confirmed by the fact that HUD has selected CVR, for the past seven years, as one of only a handful of firms to provide technical assistance to housing authorities across the country. CVR has assisted PHAs in the planning, preparation and successful implementation of over $2 billion of Rental Assistance Demonstration (RAD), Choice Neighborhood (CNI), HOPE VI, and other mixed-finance, community revitalization projects. The CVR team continues our RAD work with PHAs, large and small, on CHAPs that are in various stages - from working toward financing plans, to having closed and completed RAD-related operational, modernization and new construction transactions. Additional services include technical assistance, program management, strategic planning, inspection services, operational assessments, process improvement, training, construction management, improved asset management practices and technology solutions.
